By Tanner Kahler, Weekend Producer / Reporter **CONNECT**

Near Shelton, NE- Three people were taken to Good Samaritan Hospital in Kearney Friday morning after they were ejected from a vehicle in a roll-over crash on Interstate 80.

According to the Nebraska State Patrol, a 2003 Silverado was east-bound on I-80 when it blew a tire at mile marker 294, lost control, crossed the median and rolled several times before coming to rest in the westbound shoulder.

The driver, Larry Blair, 42, of Axtell is in serious condition with head injuries.

Two passengers in the truck, Jacob Summers, 24, of Wilbur, and Shane Loveland, 33, of Hildreth, were transported with internal injuries. Both are in critical condition.

One of the men was taken by AirCare. The others were taken by ambulance.

Troopers say none of the men were wearing seat-belts.
